 LinkedIn: <https://www.linkedin.com/in/myla-divya-sai-sri-580155402>

CAREER OBJECTIVE

Motivated Computer Science student specializing in Artificial Intelligence and Machine Learning, passionate about building intelligent and user-friendly applications. Seeking opportunities to apply technical knowledge in real-world projects and grow as a Software and AI Engineer.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML)

Vignan's Foundation for Science, Technology and Research (VFSTR), Andhra Pradesh

2024 – 2028 (Expected)

CGPA: 8.08

TECHNICAL SKILLS

Programming Languages:

Python, Java, C, JavaScript, HTML5, CSS3

AI & Machine Learning:

Machine Learning, Deep Learning, CNN, NLP, Data Analysis, Predictive Modeling

Frameworks & Libraries:

Scikit-learn, Pandas, NumPy, TensorFlow, Flask

Web Development:

HTML, CSS, JavaScript, Responsive Design, REST APIs

Tools & Platforms:

Git, GitHub, VS Code, Jupyter Notebook, Google Cloud, AWS, MongoDB

Soft Skills:

Problem Solving, Communication, Teamwork, Adaptability, Time Management

PROJECTS

CalcVerse

A feature-rich scientific calculator with advanced tools including BMI calculator, finance calculator, age calculator, unit converter, and graph plotting. Includes calculation history and memory functions.

 Live: <https://myladiyasaaisri.github.io/CalcVerse/>

 GitHub: <https://github.com/myladiyasaaisri/CalcVerse>

AI Resume Analyzer

AI-powered resume evaluation system that calculates ATS score, identifies missing skills, and provides improvement suggestions with graphical analysis and downloadable reports.

 Live: <https://myladiyasaaisri.github.io/Ai-resume-analyzer/>

 GitHub: <https://github.com/myladiyasaaisri/Ai-resume-analyzer>

Weather App

Real-time weather forecasting application displaying temperature, humidity, wind speed, and weather conditions using API integration.

 Live: <https://myladiyasaaisri.github.io/WeatherApp/>

 GitHub: <https://github.com/myladiyasaaisri/WeatherApp>

Machine Learning Projects

- Iris Flower Classification – Supervised ML classification model
- House Price Prediction – Regression-based predictive model
- Movie Recommendation System – Content-based filtering system
- Image Classification using CNN – Deep learning image classifier

 GitHub: <https://github.com/myladiyasaaisri>

CERTIFICATIONS

- Google Cloud – Introduction to Generative AI
- AWS – Cloud Practitioner Essentials
- AWS – Prompt Engineering Foundations
- AWS – AI Use Cases and Applications
- TATA – GenAI Powered Data Analytics Simulation
- Deloitte – Data Analytics Simulation
- MongoDB – Database Overview
- Thiranex – Full Stack Development

- TCS – Interview Skills, Communication Skills, Soft Skills, Group Discussion
-

STRENGTHS

- Strong problem-solving ability
 - Quick learner with adaptability
 - Hands-on project building experience
 - Passion for AI and Web Development
-

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.
